Hi There

A Warm Welcome From the Editor

This is our first Superbly Spectacular issue of WAPLEworld and I can't say how wonderfully voracious I am. Yeah, yeah... I know what you're all saying, "Voracious? How did he know such an odd word? What was going through his mind when he picked it? What does it mean?" Well, I think it means handsome. But, I could be wrong.

Here is the BIG news. I've heard through the ol' pervertial grapevine that the Waple Brothers' arch-enemas, Power & Precision may be on their way to something cool. I can't say exactly what it is yet, but I can tell you that it involves wrestling.

Who of you think there is just one Undertaker? Okay, now who thinks there are two? Who thinks there are more than two? Wait a minute. That's pushing it a bit. This is what I think. I think that in a fledging attempt to be cooth, Ted DiBiase has set up a cloning factory in Iowa somewhere,

and is genetically replicating Undertakers at an unbelievable pace. He is planning a hostile takeover of the WWF with his Undertaker army. He's nuts! He's crazy! He has to be stopped, and I'm just the man to do it! No mommy! Not that way! Take my temperature orally! Aaahhhhh!

Waple. The Name. The Legend will not be seen tonight so that we may bring you this Special Presentation.

There are two things I want to talk about. First off, there is a new edition to the Waple family. Let me 'splain: Some 36 years ago, Gunther VonWaple was at a zoo for a wrestling exhibition (which he lost), when he heard the screams of a troubled woman. She had fallen into the hippo cage and was subsequently raped by an amorous male hippo. Gunther rushed to her aid, saved her, and was pinned by the hippo.

Hippos have very long gestation periods, so she carried this child until

1972 when she finally laid an egg. On June 11th she left the egg on the doorstep of one Gunther VonWaple and joined a convent.

She did not know that Gunther had been dead for 21 years. Fortunately, the Waple brothers were living at that address and took the giant egg into their home and tried to boil it for breakfast. The intense heat stimulated the embryo and this *thing* hatched. It looked like a two foot long furry slug. Growing at an astonishing rate, this oddity came to be known as the Waple brother's mascot, Dirxque "Starbuck" Waplepotomus: Half man, half hippo, half stomach.

Important Notice!

Because the **WAPLE** WORLD™ readership is growing at a tremendous rate, this notice will almost always be here. If you've already read this, just ignore it, otherwise...

First, the name. The 'a' in Waple is NOT 'a' as in apple, or 'a' as in waffle, but IS 'a' as in maple. Got it? Well, okay then.

Just so you know, everything in this newsletter is either fictional or true. There are no right or wrong answers to anything said herein and we are exempt from all litigations brought against us by way of this disclaimer. If we ever accidentally hurt the feelings of anyone in this publication, we are regretfully sorry and don't want any trouble, so let me just apologize now... greatly.

Now that that's over

The other person I wanted to mention was the youngest Waple brother, Bill. Recently, Bill went through a very difficult time in his life with drugs, cheap hookers and a bad wardrobe. But thanks to the Fetty Bord Clinic, he has become the exemplary Waple Brother and a role model for the youth of America all over the world. We at **WAPLE** WORLD™ just wanted to say thanks to Bill for being such an inspiration. Why I've even quit wetting my bed. I'm sure Bill Waple will continue to be a

News From Around

WWF: For the first time ever, it appears that the bad guys may sweep a Pay-Per-View event. Who does **Bret Hart** think he's fooling, His brother **Owen** defeated him at WrestleManiaX, and then captured the title of King of the Ring in June. The King of Harts is going to take the Hitman to school in that steel cage at Summer Slam, and it's going to be pretty... Tell me, **Razor Ramon**, how **Walter Payton** will stop **Shawn Michaels**? You're going to get jackknifed, just like the last time you stepped in the ring with **Big Daddy Cool**... There will be no contest for **Ted DiBiase's Undertaker**. We've seen him

wrestle. We haven't even seen **Paul Bearer's Undertaker**. This one is just too easy to predict... If **Lex Luger** turns, he'll destroy **Tatanka**. If **Tatanka** turns, he'll choke Lex with his loin cloth... **Mabel** may be larger than **J-E-Double F J-A-Double R-E-Double T**, but superstars like **Double J** always prevail. It's just too bad he's using the WWF to catapult his country music career to the top of the charts... And finally, my underdog pick: **Bam Bam Bigelow** and **I.R.S.** haven't had a good win between the two of 'em in 1994. With **DiBiase's** tutelage (and funding) the two should emerge from the ring as tag team champions... That's all for this month. Until next time, watch a lot of North Georgia Wrestling. I hear those P&P guys are hot!

Ode to the Bodyguard

by Larz Wapleton

*Standin' there, clad in black
Strength I have, brains I lack
Protect the Waples, my main task
Chic, Bill, and the guy in the mask*

*Many dangers in this job
I get hurt, then I sob
Waples suck, but they got guts
Everybody kicks their butts*

*Bill is young, and he's small
Chic is really on the ball
Biff is last, and he's big
He's the reason I've got this gig.*

*Bodyguard, that is me
A tough job, most agree
I know that it will always be
"Waple's pinned, 1-2-3!"*
